

Join us for...

Safety Harbor Montessori Academy's

Summer Fun Days

WHAT:

Created especially for **ages 3-5**, this camp will feature a Montessori program with a special emphasis on art, science, literacy, and a great time! Weeks 1, 2 & 3 will focus on Art Exploration. Weeks 4 & 5 will celebrate the circus with Cirque du SHMA. Weeks 7, 8 & 9 we will study Zoology, including "Bugsville", the diverse world of insects, and our furry friends, Amazing Mammals. Get ready to exercise your body, mind and imagination! (See back for details of themes and activities.) Choose your favorites or join us for the whole summer.

WHEN:

ART EXPLORERS
CIRQUE du SHMA
BE A ZOOLOGIST!

Weeks 1, 2 & 3 (May 29 - June 15)

Weeks 4 & 5 (June 18 - June 29)*

Camp for ages 3-5 Summer Fun Days 2018

ART EXPLORERS

Weeks 1, 2 & 3

The children will investigate the world of art and color theory through scientific verification and creative exploration. They will be discovering the world of color that surrounds them. Science and art will collide as we see how colors are made. The children will explore different genres of art, focusing on street art and modernism. Keith Herring, Basquiat, and Banksy have made our everyday spaces into galleries. Large canvases, bold colors, shapes and symbols are fundamental to the art of modernists like Mark Rothko, Jasper Johns and Jackson Pollack. We will use different materials to create our own works of art, decode the symbols, and create our own!

CIRQUE du SHMA

Weeks 4 & 5

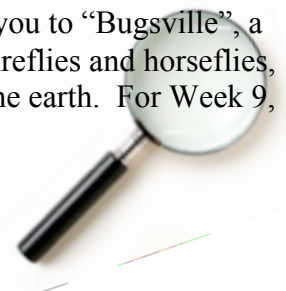

The circus has arrived at SHMA with special guest performers, “workshops” on acrobatics and tumbling, and lessons on circus animals and circus life. Drawing and painting will round out our circus camp, as we create circus murals and posters. Additional activities will include music, movement, dance and traditional circus games.

BE A ZOOLOGIST!

Weeks 7, 8 & 9

Join us for three weeks of scientific discovery. During Weeks 7 & 8 we will welcome you to “Bugsville”, a summer program dedicated to the bugs we love! From ladybugs and palmetto bugs to fireflies and horseflies, we will measure, classify, create our own representations, creep and crawl, and dig in the earth. For Week 9, we will learn about Amazing Mammals from all over the world, including a visit from some of our furry friends!
